2018 NCEA PASS RATES

Our 2018 NCEA results are once again a resounding acknowledgement of the hard work and dedication undertaken by students and teachers at Henderson High School. This confirms our commitment to ensuring all students get the best education available to them and validates the decision made by parents choosing Henderson High School.

We are proud
to share the
culmination
of these
results!

ATHLETICS DAY

School spirit was in full force as our students took to the track and field for our annual Athletics Carnival at the Trusts Stadium. It was great to see everyone participating on the day. Whether competing or showing their support, a lot of fun was had. With the temperature soaring it was important for everyone to keep cool. The mist tent and water sprinklers did the job and were a huge hit with students and teachers alike!

SWIMMING SPORTS CARNIVAL

Students took to the water in February at our annual Swimming Sports Carnival. The competitive swimmers swam in the morning followed by the entertaining events of the house carnival in the afternoon.

It was fantastic to see so much talent, involvement and support, with students' wearing their house colours and the competitive chants adding to the excitement of the day.

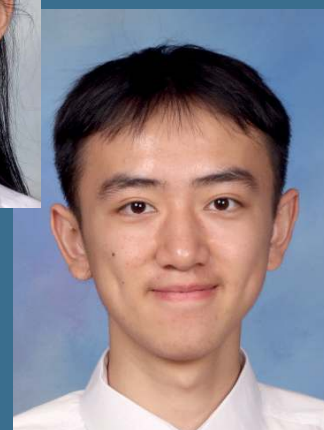

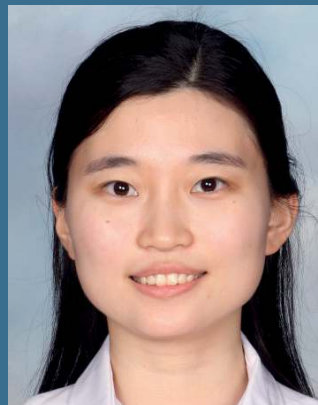

The afternoon's highlight was the teacher vs student relay. In a huge upset the students' aquatic skills proved too much for our staff, and the students took the title for the first time in memory.

INTERNATIONAL PREFECTS

Congratulations to Sakura Kataoka and David Wang who have been selected to join our prestigious Student Leadership Team as International Student Prefects.

To celebrate the diverse cultures at Henderson High School, David and Sakura are organising a Cultural Festival to be held in June.

VISIT TO KIWI VALLEY FARM

Our Thai students visited local farm Kiwi Valley and had the opportunity to experience life on a New Zealand farm. They got to ride a pony, hold and feed some farm animals and try whip-cracking, followed by lunch at the Kiwi Valley Café.
