

**HENDERSON**  
HIGH SCHOOL

# ALPHA

*Academic Enrichment  
Programme*

*Prepare for success in 2022!*

## WELCOME TO Henderson High School

Our vision is to foster a progressive learning environment that helps all our students graduate as mature confident young people who have the know-how and drive to achieve success in their chosen fields.

Henderson High School's **Alpha Academic Enrichment Programme** adds depth and breadth to academic performance.

It allows students to collaborate with schools and academic institutes outside of the classroom environment, in order to enrich their learning experience.

The **Alpha** Programme develops students' thinking skills and extends their knowledge of their chosen courses of study.

The programme facilitates research and information gathering using a variety of methods.

As well as the enrichment offered through our core curriculum, **Alpha** students are further extended with our STEAM programme.

The **Alpha Academic Enrichment Programme** supports fast paced, advanced learning which is a distinct advantage of our educational approach.

Our **Alpha** students are high achievers across the curriculum and in their chosen fields.

We use the latest technologies to help develop 21<sup>st</sup> century skills – creativity, collaboration, communication, research and critical thinking.

# TESTING FOR 2022 ENTRY

**Be sure to sit our Alpha entrance exam to be eligible for the Alpha Class and an Academic Scholarship.**

**Testing for the 2022 Alpha Academic Enrichment Programme will be carried out at Henderson High School.**
