MMXX

2020

A YEAR TO REMEMBER

PRINCIPAL'S MESSAGE

Welcome to our snapshot magazine displaying Henderson High School students and staff in 2020. It is wonderful to see the range of community activities, sports and events involving our students this year, particularly when so many had to be postponed or refashioned to accommodate the requirements of the various stages of Covid-19 lockdown.

Even more amazing is the fact that for every aspect of school life we see in these pages, many more examples of positivity occur in every classroom, every lunch break, throughout the year. Henderson High School students are delightful young people - polite, friendly, fun and with high expectations of themselves and their learning.

Enjoy looking through the pages of this magazine; it truly is a 'snapshot' of the strong learning relationships built between staff and students here at the school. These relationships encourage our students to set aspirational goals and work hard to reach them, while enjoying themselves and growing in leadership along the way.

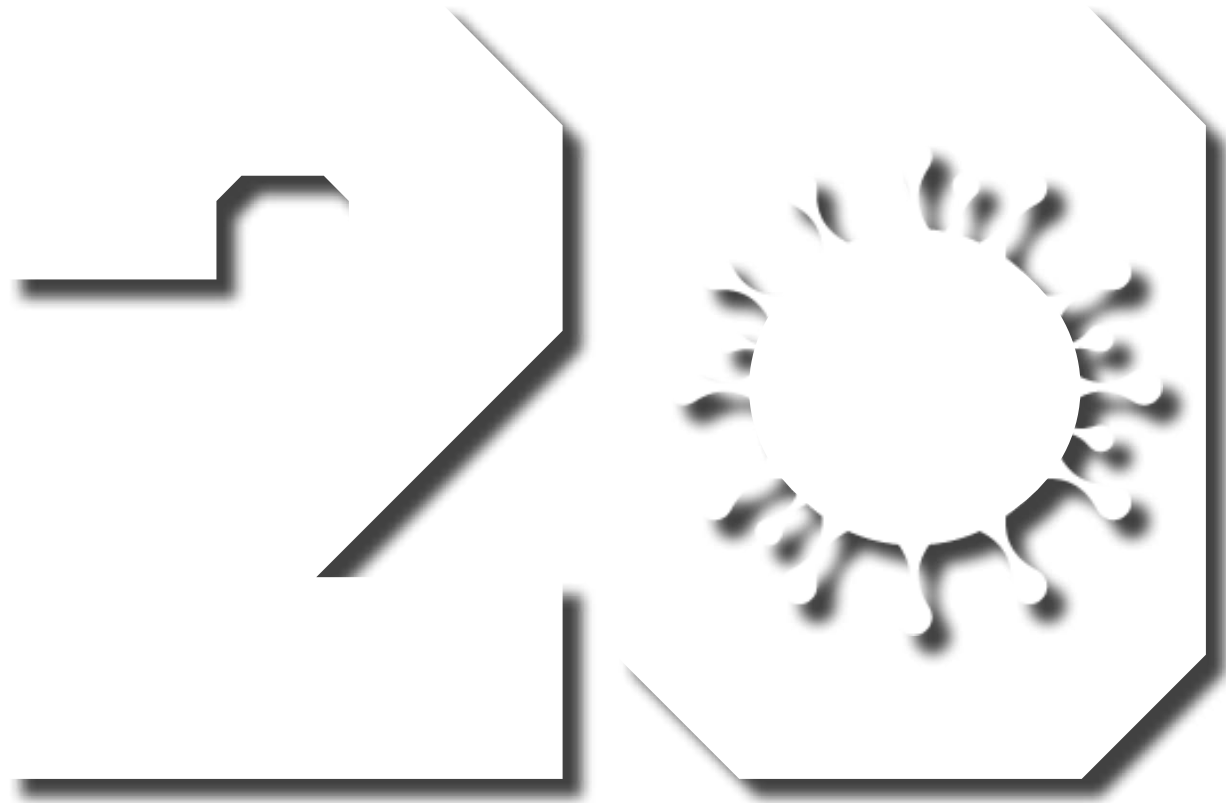

It has been a pleasure meeting everyone this term as I have taken up the baton passed by Mike Purcell, the previous principal. The school is in good spirit and I look forward to seeing us continue to grow and succeed in the future.

Have a fantastic Christmas and summer break and we look forward to seeing you in 2021.

Ros Robertson
B.A., Dip. Tchg (Sec), M.Ed.Admin.Lead.
Principal

*He aha te mea nui o te ao?
He tāngata! He tāngata! He tāngata!*

What is the most important thing in the world?
It is people! It is people! It is people!

YEAR 9 POWHIRI

It was a stunning day as we welcomed our Year 9 students and their whānau to Henderson High School on 31 January.

The morning began with a pōwhiri where students gathered to meet teachers and their fellow 2020 Year 9 cohort.

Our Year 9's were then introduced to their Form Class and spent the day exploring the campus with the guidance of our Year 13 Peer Mentors who did an outstanding job putting our junior students at ease on their first day.

SWIMMING CARNIVAL

It was blue skies all round as our students took to the water for the annual swimming sports and house carnival on Friday 7 February.

The talent in the pool was exceptional and student involvement was at its peak as house chants and colours were displayed with pride! Although the afternoon was all about fun, the competition was fierce as house colours fought for a win.

The highlight of the afternoon was the teacher vs student relay with the students taking the win for the second year running!

Once again our fabulous PE Department, students and staff made the day a huge success!

STUDENT LEADERS

It was with great pleasure that we announced our Student Leadership Team for 2020 in February. The whole school assembled for the occasion and celebrated the election of Noah and Beatriz as Head Prefects.

They were in turn supported by a dedicated group of Deputy Head Prefects and we were delighted to present such a high calibre group.

Congratulations to our kaiārahi (student leaders), pictured below with Principal Mike Purcell. Well done – Mahek, Beatriz, Louis, Sophie, Henry, Wataru, Darland, Tylor, Teh-jah, Arielle, Noah, Hayden, Joseph, Hayley, Sheena, Shyla, James and Dylan.

Ehara taku toa i te toa takitahi, engari, he toa takitini!
Success is not the work of one, but the work of many!

ATHLETICS CARNIVAL

YEAR 9 WELCOME BBQ EVENING

With our Year 9 students settled into school life we gave whānau the opportunity to meet their child's Form Teacher, Dean, our Senior Leadership Team and Principal at our Year 9 BBQ Welcome Evening.

The beginning of the year sees a number of events to celebrate student achievement and connect with whānau. Our Year 9 Welcome BBQ is the first of these events and is always a positive start to the year.

Our Hospitality students prepared and served a great meal; a huge thanks to them and to our Food Technology team for their leadership and culinary skills.

EXCELLENCE BREAKFAST

Celebrating student success is important to us and our annual high achievers breakfast does just that. This event gave us the opportunity to honour the record number of students who gained an excellence endorsement in NCEA Levels One and Two in 2019.

This outstanding level of success is a validation of our ongoing commitment to students, and parents can be proud of their achievements!

These students inspire their peers to set their sights on the road to success and aim to be at next year's Excellence Celebrations with us!

PARENT TEACHER EVENING

In June we had the opportunity to meet with our students and their whānau at our Parent Teacher Evenings.

One of the most important things that parents can do to help their children through their schooling is to keep updated on their academic progress and this event is a great opportunity for our teachers to update parents on their child's progress and goals for the future.

A big thanks to our teachers for their support of our students and our parents for their fantastic engagement.

LEVEL 3 FOOD TECHNOLOGY

Our senior students enjoy the opportunity to collaborate with and guide our junior students and our Year 13 Food Technology students Hydee, Jaime, Vaina and Piper relished the opportunity to take 9SHE for a cooking lesson.

They taught the form class, who were their peer mentoring group, all about healthy eating and how to cook nutritious and delicious food at home. They made a veggie packed chicken alfredo which was a huge hit!

It is rewarding to see our senior students working so well and being exceptional role models for our juniors. Thanks for your inspiration Miss Wood!

LEVEL 3 PHYSICAL EDUCATION

Our Level Three PE classes went behind the scenes of our most famous stadium when they toured the hallowed turf of Eden Park as a part of their NCEA assessment.

The trip provided students with the opportunity to gather evidence for their assessment based on Auckland's sports stadiums. A key highlight was seeing a statue of past pupil Michael Jones immortalised outside Eden Park.

Thank you to Mr Keene and Mr Beeston for taking our sportsmen and women of the future on a tour of our legendary rugby ground.

OPEN DAY

Meeting our prospective students at our annual Open Day is always a highlight for our staff and students and once again the turn out was amazing!

The feedback we receive endorses our fantastic students and their engagement as our school ambassadors.

LEVEL 2 EARTH & SPACE SCIENCE

Our Earth and Space Scientists erupted at the opportunity to take Level 2 NCEA to the beach!

Students swapped the classroom for a fantastic day exploring volcanic features, rock formations and the remains of the giant Waitākere Volcano at Karekare Beach. Students learnt about weathering and erosion, volcanic processes and why the landscape looks the way it does today, including some interesting rock features such as Paratahi Island and The Watchman.

The wind was blowing, but the sun was shining bright and there was even the temptation to go for a swim by the time they got to the waterfall. Thanks Mrs Recordon, Mr Fisher and Mr Merchant!

EPRO8

Our junior engineers put their collaboration, creativity and construction skills to the test at the EPro8 Challenge in July.

The annual event is an engineering and problem solving competition in the form of a race. The aim is to solve the most engineering tasks in a three hour time frame.

The competition gives creative and practical students a chance to shine in an exciting, competitive environment and is a highlight for our STEM enthusiasts.

A huge congratulations to our students, and to Mr Tahat and our inspirational technology teaching team!

LEVEL 2 BIOLOGY

The rainforest became the classroom as our Level 2 biologists ventured into the beautiful Waitākere Ranges to observe the forest ecology of Arataki.

Students looked at the community pattern of stratification and how abiotic factors such as light, humidity and temperature influenced life in each strata layer. They also observed the unique adaptations and relationships that exist in this forest community and spotted a number of interesting features, such as the Nikau relying on the Kereru for seed dispersal, the Northern Rata growing over the Rimu and competing for resources, and large Kauri trees with all of their perching lilies growing up high to reach the light.

A huge thank you to the Park Rangers of Arataki for a full day of learning amongst nature and to our Science team for providing such an enriching learning experience.

INTERNATIONAL STUDENTS

Our International Students had the ultimate kiwi experience as they got up close and personal with our native fauna on their visit to Waitomo. They explored the fascinating limestone formations in and around the caves and saw the glow worms illuminating the chambers above. Next stop on the trip was the Ōtorohanga Kiwi House, arriving just in time to see them feeding and to learn all about their life cycle, conservation and breeding programme.

This was a great opportunity to see Kiwi up close, and many other native bird species including; Wood Pigeons, Weka, Rail, Kākā, Bellbird and Tui and long finned eels being hand fed.

Thank you to Mrs Hart for taking our students on an educationally rewarding trip to one of the timeless treasures of Aotearoa, 30 million years in the making!

WOMEN IN ENGINEERING

We had the pleasure of welcoming back former Dux Caroline Dumogho in August when we hosted the Women in Engineering Group (WEN) who spoke to Year 11, 12 and 13 students interested in pursuing a career in Engineering.

Students had the opportunity to test their Electronics knowledge using 'Breadboards' to create parallel and series circuits to control fans and buzzers. They were also given an insight into what Engineering is like at the University of Auckland.

Thank you to our visitors for their presentation and for answering all the questions posed by our eager students!

LEVEL 3 PHYSICS

It was 'up and atom' for our budding senior scientists when they visited the Physics Department at the University of Auckland.

Professor Mark Conway gave our students a tour of the lecture halls and labs. It was here that the students were able to partake in a number of experiments and demonstrations, including the opportunity to make ice cream with liquid nitrogen.

A big thank you to Mr Ryan and Mrs Lepper for leading our Physicists of the future!

LEVEL 3 PE

Our PED300 classes took on the challenge of the Vector Wero White Water Park in Wiri as a part of their Level 3 PE course. Students were in charge of developing and managing their own safety for the trip. They were given an informative class session about the safety protocols of the water park before they were challenged by the grade 2 rapids on offer and the many tasks and exercises the instructors had for them.

It was a great day out and the students were able to enjoy themselves while managing their own safety.

A huge thank you to Mr Beeston, Mr Sheppard, Mr Keene and Miss Humphreys for bringing the splash into PE and challenging our students!

LEVEL 2 PE

Level 2 PE students had the chance to branch out when they visited Tree Adventures in Woodhill Forest as a part of their course, to develop and apply safety management strategies.

They experienced a series of challenging and exciting high wire courses, testing themselves both physically and mentally throughout the day.

It was great to see our students working with each other and helping others to make it through the challenging courses.

Thank you to our PE Department for inspiring our high flyers!

LEVEL 1 FOOD TECHNOLOGY & BUSINESS

Year 11 Food Technology and Business students had a sweet day away from school when they boarded the Chelsea Sugar Train!

Their tour of the Chelsea Sugar Factory gave students the opportunity to learn about where sugar comes from and how it is processed from a raw product into the different varieties found in the supermarket.

Taste testing included Chelsea Sugar's range of syrups including molasses, golden syrup and the crowd favourite Butterscotch Syrup, which are all by-products of raw sugar and created in the washing process. The baking classes which followed featured the famous Yoyo biscuits with custard cream filling!

What a fantastic day and a privilege to have had the opportunity to visit New Zealand's iconic Chelsea Sugar factory.

Thank you to Miss Wood, Mrs Wilderspin and Mr van Gulik for a sweet day!

MATHEX

Our 2020 Mathex Teams calculated their way to great results in the annual Auckland Regional Competition.

Two Year 9 and two Year 10 teams competed against the best in Auckland and did Henderson High School proud!

Thank you to Ms Durkin and our Maths Department for their continued encouragement and support of our exceptional mathletes!

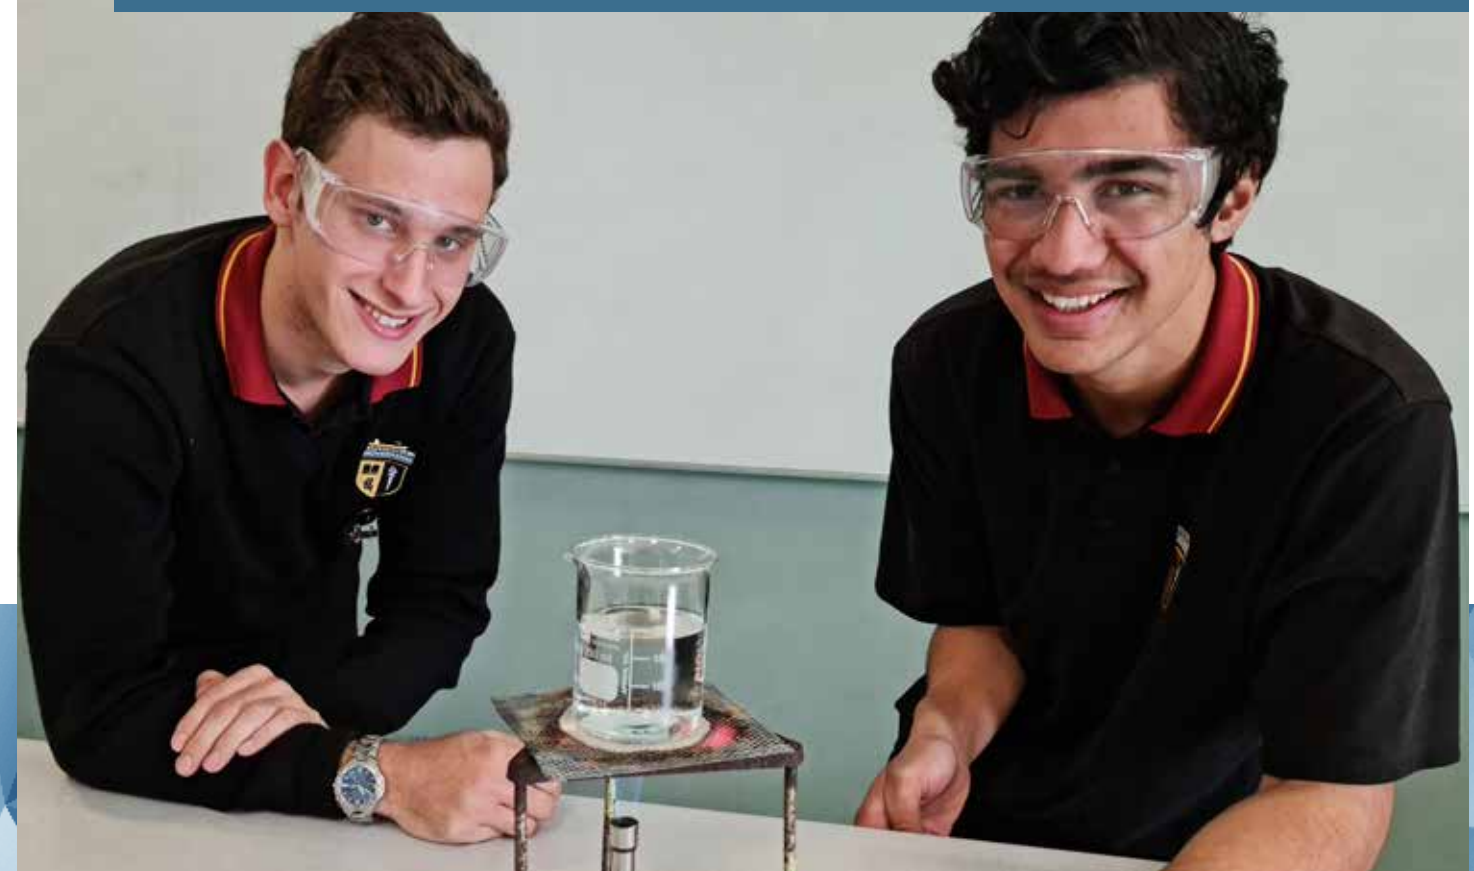

ROTARY SCIENCE FORUM

Year 12's Jackson and Toa have been accepted into the Rotary Science and Technology Forum taking place in Auckland in January 2021. This two week intensive programme exposes high achieving, well rounded science, maths and technology students to a range of incredible science and technology opportunities. This is a fantastic opportunity and we are proud that both students have been awarded places in the forum.

In addition to the outstanding programme the forum offers, two exceptional students who attend the event are selected and awarded a place at the London International Youth Science forum which is held in July each year.

Thank you to our local Rotary Club for their selection and for giving Jackson and Toa the amazing opportunity to represent Henderson High School at this cutting edge event!

MR PURCELL'S FAREWELL

On Friday 25 September we farewelled Mr Purcell after 10 years as Principal of Henderson High School.

It was an outstanding afternoon as the whole school came together with Mr Purcell and his whānau to thank him for his dedication and commitment to our students.

Head prefects Beatriz and Noah expressed their gratitude for his support on behalf of all students, and thanked him for the success and positive change that occurred under his leadership.

Students and staff performed a rousing haka as a tribute to an inspirational leader.

MRS ROBERTSON'S WELCOME

On Monday 12 October we were pleased to officially welcome our new Principal Ros Robertson to the Henderson High School community.

The day began with a pōwhiri at Panuku marae. Mrs Robertson's whānau, along with colleagues and rangatahi (youth) from Rangitoto College, her previous school, came together with our student and staff kaiārahi (leaders) to celebrate the occasion. A big mihi to Papa Fred for his continued support and guidance on this special day for our school.

Mrs Robertson is looking forward to working with our staff to ensure the best possible educational outcomes for the students of Henderson High School.

CO-CURRICULAR
ACTIVITIES

Our students have a multitude of opportunities to get involved with the many academic, sporting, cultural and creative teams and groups across the school.

These students contribute to the school community and culture of the school.

CO-CURRICULAR
ACTIVITIES

Many thanks to our students for
their commitment to
Henderson High School!
